FILLING HINZ MEDICAL FOOD PRESCRIPTIONS

AUTHORIZING MEDICAL FOOD DISTRIBUTION:

Medical foods can only be dispensed under the order of a licensed health care provider.

PD Supplements provides online patient ordering of medical foods and nutritional supplements under the orders of a licensed caregiver.

OPENING A CAREGIVER ACCOUNT, this is the first step, establish an account number for your practice, clinic, or group. Have one of your staff call +1-(218) 656-7410. You will receive a caregiver ID number used to identify your practice, clinic, or group. The caregiver ID is required whenever one of your patients places an order.

AUTHORIZING MEDICAL FOOD DISPENSING is a process similar to authorizing prescribing drugs. The licensed caregiver can approve medical food dispensing for up to one year when renewing the prescription occurs if appropriate. Medical food prescription renewal (not establishing a caregiver ID number) can occur

By phone at +1-(218) 656-7410
By email at sales@pdsupplements.com

THE PATIENT ACCOUNT, the caregiver ID number, is required to establish the online individual patient account then access the medical foods prescribed by the caregiver. A credit card is the preferred method of online payment. If patients do not have access to the internet, they may place a phone order with PD Supplements at +1-(218) 656-7410.

PD Supplements only provides products and services directly to those under the care of licensed health care practitioners. PD Supplements does not provide products, assistance or advice to the general public. Please contact your health care provider with any product or health care questions.
